

Chair Mat

Polycarbonate Floor & Parquet Protection

Overview

Chair Mat provides elegant yet tough floor and parquet protection for the home and work environments.

Chair Mat is made of high quality flat embossed polycarbonate sheet.

Its high impact resistance and flexibility will stand up to demanding use.

Main Benefits

- *Embossed side ideal for gripping of underlying carpet*
- *Creating a comfort zone around wheeled chairs*
- *Heavy duty - withstands copiers and vending machines*
- *Safe and suitable for home and office*

Typical Applications

- *Home and office parquet protection*
- *Protecting various flooring from heavy objects*
